

## Georgia State University Exchange Student Financial Information

Per U.S. Federal Regulations, each applicant who is in J-1 status or will be obtaining an F-1 visa is required to submit proof of finances for the duration of their program.

The information below is designed to help students determine how much funding is required and what documents are needed to be approved for study at Georgia State.

### Estimated Costs Of Attendance — Exchange Programs —

**This is not a bill.** The figures below represent the average costs of studying and living in Atlanta; your personal experience may differ significantly, based on number of credit hours, lifestyle, etc. Students are responsible for all costs including housing, meals, international and local transportation, health insurance and other personal expenses.

**Tuition and fees depend upon the international exchange agreement with the student's home institution.** The majority of exchange students will be required to show funding for living expenses only. If you do not know if your exchange program will owe tuition and fees to Georgia State, please confirm with your Exchange Coordinator.

The tuition and fees amounts below reflect the 2022-2023 rates. Remember to add any dependent costs (if applicable) to the total amount shown below to determine the total amount you are required to show for DS-2019 issuance at Georgia State. All of the figures are subject to change without notice.
